Verse 1:

```
   B                  E                  F#
I used to think maybe you loved me
      E                  B E   F# E
Now, baby, I'm sure
     B                  E
And I just can't wait 'til the day
F#                    E              B E   F# E
 When you knock on my door
     B                E                  F#
Now every time I go for the mailbox
       E                     B E   F# E
Gotta hold myself down
         B                  E              F#
'Cause I just can't wait 'til you write me
              E             B E   F#
You're coming around
```

Chorus:

```
           E                  F#             E

```
   B                   E               F#
I used to think maybe you loved me

Now I know that it's true

And I don't wanna spend my whole life

Just a waiting for you
          B                 E                   F#
Now I don't want you back for the weekend
       E              B E   F# E
Not back for a day
         B           E                F#
I said, baby, I just want you back
             E             B E   F# E
And I want you to stay
```

Chorus:

```
    E                  F#              E
I'm walking on sunshine Whoa!
